Re: Now Accepting Applications for the 2017-2018 Scholarship Program

If you know of a deserving student who is studying programs related to the nursery and landscape industry, please send them to the TNLA website, <http://www.tnlaonline.org/education--research-foundation1.html>, to download the 2017-2018 TNLA Education and Research Foundation scholarship application.

All scholarship applicants should carefully review the program requirements as explained in the application, and then submit their application, letters of referral and transcripts to TNLA by the May 1, 2017 deadline. The Foundation Trustees have stressed the importance of having good personal references accompany the scholarship application form -- many times it is the personal references that help the Trustees decide between two deserving students.

We appreciate your support and promotion of this worthwhile program. If you are interested in finding out more, please visit our website tnlaonline.org or contact Cheryl Staritz at (512) 579-3863 or cheryl@tnlaonline.org.
