

Art

The Art endorsement gives students an in-depth understanding of art, along with the opportunity to learn new skills and develop existing artistic talent and abilities. These skills and abilities are welcomed in many creative fields, such as interior design and architecture; moviemaking/Computer Generated Imagery and cartooning, advertising and the graphic arts, as well as fashion and cosmetology—even archeology. Art courses provide the strong foundation for many of the courses offered in the Graphics Arts programs. Taken together, these two areas can provide a strong art background for students interested in the graphic arts, animation, and other related fields.

Courses offered:

Art 1

Art 2 – Drawing

Art 3 – Drawing

Art 4 - Drawing
