Theatre

Theatre is among the offerings for students seeking a Fine Arts endorsement. Theatre classes encompass acting, theatre history, and playwriting as well as costume, makeup, lighting, set design and construction. Theatre is also an excellent alternative elective for students pursuing a CTE endorsement. Technical Theatre and Production, for example, are project based classes that require students to develop and utilize skills in measurement, design, construction, and electrical. Because theatre draws on a variety of skills, it is an excellent elective choice.
